

SIGHT WORD

practice menu

Grab a flashlight, your favorite book, and turn off the lights! Read your book and try to find your sight words. When you find one, write it down.

Play a board game, like Monopoly. When you move spaces, pick a sight word to spell. For example, if you move four spaces, pick a four letter word to spell with each move.

Write your sight words with rainbow colors.

Write your sight words with white crayon. Then, color over them with a different color crayon or marker.

Build your sight words with legos.

Have an adult write your sight words with sidewalk chalk outside. Then, have them call out a sight word for you to find. Once you find it, spray it with a spray bottle.

Build your sight words with craft sticks.

Play hopscotch with sight words (instead of numbers in the boxes, write sight words).

Play sight word memory match.

SIGHT WORD
